

ROHIT KUMAR CHAURASIYA

CS26M801 | INDIAN INSTITUTE OF TECHNOLOGY MADRAS | PR/33/CS/27/801

EDUCATION

Program	Institute	%/CGPA	Year
Masters in Computer Science and Engineering	Indian Institute of Technology, Madras		Ongoing
Bachelors in Computer Science and Engineering	Kalinga Institute of Industrial Technology, Bhubaneswar	9.75/10	2026
Class XII (NEB)	National Infotech Sec. School, Birgunj	92%	2022

SCHOLASTIC ACHIEVEMENTS

- **ICCR Scholarship for M.Tech** – Awarded by the Indian Council for Cultural Relations (ICCR), Government of India (2026–Present), in recognition of outstanding academic performance and a consistently excellent academic record..
- **Finalist, 2nd ICDCIT Hackathon (2025)** – Selected as a finalist among teams from 30+ universities for developing an innovative software solution under a competitive hackathon environment.
- **Study in India Scholarship for B.Tech** – Awarded by the Ministry of Education, Government of India (2022–26) in recognition of outstanding academic performance and exceptional merit in the highly competitive selection process.

PROFESSIONAL EXPERIENCE

HighRadius Technology (Product Development Intern) May 2025 – June 2026

- Developed a **Tenant Onboarding Portal** that automated consultant onboarding workflows, reducing manual effort by **80%** and significantly improving operational efficiency through scalable workflow automation.
- Engineered and optimized **Workato recipes** and financial system integrations for **SAP, Sage, Workday, Quickbook and NetSuite**, reducing connector task consumption by **90%**, lowering manual effort by **30%**, and improving integration reliability and performance.
- Designed and implemented **Inbound and Outbound Integration Metrics** for Java Spring Boot-based connectors, enabling real-time monitoring, performance analysis, and faster identification of integration bottlenecks systems.
- Collaborated with cross-functional teams, consultants, and enterprise clients to debug production issues, deliver critical hotfixes, and build scalable integration solutions, significantly reducing issue resolution time while improving connector stability and customer experience.

NLCITS (Project Manager Intern) June 2026 – July 2026

- Led the planning and execution of CRM software and client application development by coordinating cross-functional teams, defining project milestones, and ensuring timely delivery of key features aligned with client requirements.
- Collaborated closely with developers, QA engineers, and stakeholders to gather requirements, prioritize feature development, and streamline project workflows, improving delivery efficiency and ensuring high-quality software releases.
- Managed project progress through Agile practices, tracked deliverables, facilitated issue resolution, and supported end-to-end development of scalable CRM solutions for multiple enterprise clients.

PROJECTS

NotesLink (Tech: Java • Spring Boot • React • Tailwind • MySQL) November 2025 – Present

- Architected and developed a scalable full-stack academic platform using **React.js, Spring Boot, and MySQL**, providing a centralized repository for study materials and previous-year papers for **5,000+ active users**.
- Engineered RESTful APIs, optimized database operations, and implemented efficient search and filtering mechanisms to improve application performance, content discoverability, and user experience.
- Built and deployed a responsive web application with modern frontend architecture, supporting **1,000+ monthly uploads and interactions** while ensuring scalability, reliability, and maintainability.

KIIT MUN (Tech: Java • Spring Boot • MySQL) February 2024 – March 2024

- Architected and developed the backend of a full-stack MUN event platform using **Java Spring Boot, MySQL**, and RESTful APIs to support secure, scalable event management workflows.
- Implemented QR code-based attendance tracking, role-based access, and real-time event updates, significantly reducing manual operations while improving operational efficiency and data accuracy.
- Optimized backend services and database interactions to support concurrent access across multiple committees and sessions, delivering a reliable experience for **hundreds of delegates and organizers**.

POSITIONS OF RESPONSIBILITIES

Core Member, KIIT International Student Society 2022 – 2026

- Coordinated cultural events and student engagement initiatives for **500+ international students**.
- Organized and managed large-scale campus events in collaboration with cross-functional teams.

Group Leader, UN SDG 13 Initiative 2024

- Led a team of **30 volunteers** to organize climate awareness and cyclone preparedness programs across communities in Odisha prior to Cyclone Dana.
- Conducted workshops and outreach sessions, promoting disaster preparedness among hundreds of local residents.

Volunteer Member, Art of Giving Movement May 2023 – Present

- Supported community welfare initiatives through volunteering and event coordination.
- Contributed to social impact programs focused on education, humanitarian support, and community engagement.
